Dear Mr. Sutherland:

We found a test pit and loadout area on your White Cloud mining claim group which were not included in your notice (SR-89-13H). As per our conversation of February 5, 1990, both areas shall be restored to their original contour and reseeded by March 31, 1990. Also, the disturbed area along State Highway 24 in section 15 shall be recontoured. The geologist, San Rafael Resource Area ((801)-637-4584), shall be informed at least 48 hours prior to the reclamation. Failure to comply with the above conditions will result in your company being held to be in noncompliance with 43 Code of Federal Regulations 3809.

In the future, the San Rafael Resource Area shall be notified at least 15 days in advance of any action not included in your notice.

Sincerely yours,

/S/ JAMES W. DRYDEN

NOTICE TO OPERATORS:

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 calendar days before commencing operations. Receipt of a notice will be acknowledged promptly. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a submitted plan and will notify the operator of the status of the plan within 30 days of receipt of the plan.
2. Submittal of a notice or approval of a plan of operations does not constitute certification of ownership to any person named as owner herein, nor does it constitute recognition of the validity of any mining claims named herein.
3. Generally, information that could be considered proprietary is not necessary to fulfill notice or plan of operations requirements. However, information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately and will not be available for public inspection.
4. Failure of operator to file a notice or a plan of operations, as required by the 43 CFR 3809 regulations, will subject the operator to being served a notice of noncompliance or enjoined from the continuation of such operations by a court order until such time as a notice or plan is filed with the BLM.
5. The completed notice or plan of operations should be filed with the appropriate resource area office. Their addresses are as follows:
